Goals Carried Over From 2025

- **Exhibit C By-Laws: Revision**

- The current Exhibit "C" By-Laws have not been updated since 2005 and still contain outdated references to the original developer. The proposed bylaws modernize the document by removing all developer-related language and aligning the rules with current laws and best practices for Fernbrooke HOA governance.
- The Proposed Exhibit "C" By-Laws are under review by the HOA Attorney
- The FHOA will have an opportunity to vote on the proposed By-Laws in 2026
- If approved the By-Laws will be registered with Burlington County.

- **Fine Fee Schedule: Implementation**

- A Courtesy Violation Notice will be sent to homeowners with a deadline to correct any issues before any fines are issued.
 - One-Time Assessments apply to initial violations, such as starting or completing work without ARC/ARB approval or leaving debris on common property. The fines range from \$50 to \$100 for each occurrence.

- Monthly Assessments apply to ongoing violations, with fines accruing each month until the issue is resolved. These violations include late or missing submissions, failure to correct violations, and residency violations. The fines range from \$50 to \$200 for minor to mid-level violations and \$ \$500 per month for serious violations related to the FHOA residency and age By-Law rules.

- **Exhibit-F Architectural Guidelines: Revision**

- Update existing document
- Timeline dependent on completion of Exhibit C - By-Laws project

- **Landscaping: Additional Low Maintenance Plantings**

- To wrap up the 2025 project where aging and overgrown plants were removed from some common ground areas, a small number of additional plants will be planted in the Spring of 2026.
- The old plantings were replaced with attractive, low-maintenance, low-water, and climate-appropriate selections designed to improve the overall aesthetics and sustainability of these areas and eliminate the need to plant water dependent annual plants.
